TECHNICAL DATA

	Total Thickness EN 428	2mm
	Roll Width EN 426	2m
	Roll Length EN 427	20m
	Weight EN 430	3100g/m ²
	European Classification EN 685	34/43
	Abrasion Group EN 660	T
	Fire Rating EN 13501	Bfl-s1
	Slip Resistance DIN 51130	R9
	Dimension Stability EN 434	≤0.2%
	Residual Indentation EN 433	0.03mm
	Formaldehyde Emission EN 717-1	ND
	Flexibility EN 435	No crack
	Thermal Conductivity EN 14041	0.043W/m · K
	Static Electrical Propensity EN 1815	< 2kV
	Color Fastness EN ISO 105-B02	≥6
	Castor Chair Test EN 425	Suitable
	Sound Absorption EN ISO 717/2	Approx. 4dB
	Stain and Chemical Resistance EN 423	Great
	TVOC after 28 days ISO 16000	<10 μg/m ³
	Cleanroom Test ASTM F24 / ISO 14644-1	Class A
	Ease of Decontamination ISO 8690	Good
	Bacteria Resistance EN ISO 846 Part C	Does not favour growth
	Seam Strength (Average) EN 684	≥240N/50mm
	Seam Strength (Individual) EN 684	≥180N/50mm

FirmTech

Cooperate with specialized laboratories, we have developed unique new surface reinforcement technology. With the addition of high-molecular polymer, flooring anti-scratch performance is much more superior to common standard PUR reinforcement through UV coating equipment. This new technology can better deal with the damages to flooring caused by high-heeled shoes, sickbed wheels and other sharp objects in daily use.

These photos are base on tests we did in our lab, use keys scratch the flooring surface with same force.

At the same time, flooring material belongs to T-level abrasion group, suitable for heavy duty commercial and industrial areas.

ABOUT MASTER

- 28 Colors
- Compact homogeneous vinyl floorcovering, designed for heavy duty areas
- Suitable for underflooring heating
- DOTP plasticizer, for health and safety
- FirmTech treatment, advanced high-polymer type treatment, high cost-effective performance
- Extremely low TVOC emission ensuring high indoor air quality

Customizable
300mm*300mm

We are specializing in the production of vinyl flooring materials include homogeneous, heterogeneous, ESD, sports and different type of vinyl tiles. They have been widely used in commercial and industrial areas such as Airport, Metro Station, School, Hospital, Shopping Mall, Office, Apartment, Sports Field, Electronics Factory and so on.

Products of high quality and fashionable, widely used in a variety of architecture, they are not only has the broad masses of the domestic market, but also been distributed to over 30 countries.

Our advanced machineries were imported from German and Japan. At the same time, over 500 legal staffs insist on providing dedicated international standard support with assistance on logistics, dedicated packaging and quality control for global customers. Till now, our monthly capacity can achieve 6,000,000 square meters.

We are committed to customer health protection and sustainable development .

Proactive in seeking alternatives to phthalates as they have been the subject of scientific debate about their potential impact on human health, we adopt a phthalate free plasticizer technology for our vinyl flooring which is approved for medical class tools and toys intended to be placed in the children mouth.

Products can pass CE authorization

100% Recyclable

SGS International Standards Certified

Low VOC and other emissions
